

## LEARN ABOUT US

All About Ginger has made the decision to explicitly capture the different parts of the Hip-Hop culture with the respect and enthusiasm it deserves. We're a community of individuals that share a love of all things entertainment and connect and cooperate to create new ideas, sounds, tales, and friendships.

## WHY WE ROCK!

We think that compassion and creativity have enormous power.  
Our trendsetting publication seeks to be ahead of the curve, interviewing  
fascinating young artists before the mainstream media.
